Education & Public Health Department

G.O.Ms.No.103, Dated the 10th January'49
Read the following:--

From the Government of India, Ministry of Labour, No.LP4(31), dated New Delhi the 29th July 1948
From the Surgeon-General, Ref.No.93675-1., dated 16-11-1948.

O R D E R:

The Surgeon-General is informed that the recommendations made by Dr. Lloyd Jones regarding the standards of medical care for labourers in the plantations have been accepted both by the planters and the workers. There is however no statute now to enforce the recommendations of Dr. Lloyd Jones; the idea being to bring the labour in plantation under the Employees' State Insurance Act, 1948 in due course. The Government consider that the plantations should be surveyed as to the adequacy of the medical facilities with reference to the standards set up by Dr. Lloyd Jones. The Special Officers appointed for the implementation of the Employees' State Insurance Act, 1948, should be entrusted with the work of inspection of the hospitals in the plantations. The District Medical Officers also should be advised to take up the work of inspection of the plantation area with which they are concerned. The Surgeon-General is therefore requested to take immediate steps to implement the decision of the recommendations of Dr. Lloyd Jones in consultation with the Commissioner of Labour.

(By Order of His Excellency the Governor)
